DESCRIPTION OF TATTOO: _____

LOCATION OF TATTOO: _____

I, _____, am 18 years of age or older. I accept full responsibility for the administration and willing participation in the act of receiving a tattoo by Zink Modern Tattooing wherein the tattoo described above will be placed on my body on the specified area. I understand that if I am under the age of 18, I must have the written permission of a parent or legal guardian witnessed by a licensed Notary Republic. This document must be present during said tattoo of a minor. I furthermore release and give up any claims against Zink ModernTattooing, or any agents, servants, employees, officers or directors of said corporation resulting out of any health problems that may result from negligence in the care of said tattoo. More particularly, I acknowledge that I freely and voluntarily have chosen the type of tattoo received and the location of the same. **I do not (to my knowledge) now have or have had any of the following diseases:** Diabetes, Allergies Hepatitis, Heart Disease, Acquired Immune Deficiency Syndrome (AIDS), Hemophilia, Venereal Disease, Skin Conditions such as Eczema or Psoriasis or any other communicable diseases. I am also not on any medications that will hinder the application or healing of my tattoo, such as accutane or blood thinners. I fully understand and agree to be bound by the terms contained herein. I do hereby certify all representations made by me are true.

TATTOO AFTERCARE:

Keep the tattoo covered with bandage for no longer than 2 hours. Remove bandage and wash with soap and warm water- be sure all surface blood and excess ink is removed. Lightly pat dry. Apply a very thin layer of ointment- Aquaphor, A&D, Tattoo Goo, etc. **DO NOT REBANDAGE** your new tattoo unless working under dirty conditions. Keeping the tattoo clean during the first 2 weeks of healing is extremely important. Continue to wash & apply a thin layer of ointment to your tattoo 2 to 3 times a day only, for the first 2 to 3 days only. On the 3rd/4th day, switch to a body/hand lotion with no heavy dyes or perfumes- Aveeno, Curel, Johnson & Johnson, etc. Continue to apply to tattoo 2 to 3 times a day for the next week or two. As the tattoo heals it will peel and flake. At which time it is extremely important not to PICK, SCRATCH or SCRUB the tattoo. Picking will pull out your color and may cause scarring. DO NOT SWIM, SAUNA, TUB SOAK, EXPOSE TO PROLONGED SUN or TAN FOR 2 WEEKS MINIMUM. DO NOT APPLY HYDROGEN PEROXIDE, ALCOHOL, BACITRACIN, NEOSPORIN OR VASELINE. Avoid long showers or prolonged shower spray and sunblock lotions until your scab is completely off. If the tattoo becomes inflamed (extremely red, irritated or oozing puss) please call the shop immediately. After tattoo has healed, use a sunblock of SPF 45 or higher when exposed to prolong sun (more than 15 minutes) to keep your tattoo from fading. Use a cloth to cover tattoo while using a tanning booth. Tanning WILL destroy your tattoo over time.

Failure to follow these instructions will result in touch-ups that will be charged for.

Do not hesitate to call us if you have any questions.
